

WHAT IS OPERATION LIFESAVER?

Operation Lifesaver is a non-profit, international, public education program first established in 1972 to end collisions, deaths and injuries at highway-rail grade crossings and on railroad rights-of-way.

Operation Lifesaver programs are supported by a wide variety of partners, including federal, state, and local government agencies, highway safety organizations, law enforcement, the nation's railroads and their suppliers.

HOW DOES OPERATION LIFESAVER WORK?

Operation Lifesaver's trained and certified volunteer speakers provide free safety presentations for people of all professions and age groups to help them make safe decisions around tracks and trains. Educational brochures and videos, coloring books for children and training information can be found at Operation Lifesaver's website: www.oli.org.

IS THERE AN OPERATION LIFESAVER OFFICE IN MY STATE?

Operation Lifesaver state coordinators are located in the 49 mainland states and the District of Columbia. There also are Operation Lifesaver programs in Canada, Mexico, England, Argentina and Estonia.

Visit Operation Lifesaver's website at www.oli.org or call Operation Lifesaver at 1-800-537-6224 to contact the State Coordinator in your area.

HOW CAN I GET MORE INFORMATION ABOUT OPERATION LIFESAVER AND RAIL SAFETY?

Visit www.oli.org to find out more about rail safety for motorists and pedestrians.

Free presentations are available for anyone who lives or travels near train tracks: students, professional drivers, motorists, emergency responders, community leaders. To schedule a Presentation, contact your Operation Lifesaver State Coordinator.

HOW CAN I VOLUNTEER?

Find out more about becoming trained and certified as a presenter or associate at www.oli.org or by calling 1-800-537-6224.

Need a **Speaker?**

**FOR YOUR SCHOOL, CLUB, CIVIC ORGANIZATION,
COMMUNITY MEETING OR BUSINESS?**

Operation Lifesaver is a nonprofit international education program, begun in 1972, to reduce crashes, fatalities and injuries at highway-rail grade crossings and on railroad rights-of-way.

A free Operation Lifesaver presentation will tell your group how to make safe decisions around tracks and trains. You'll learn to identify the signs and signals that mark crossings and their meaning for you as a motorist or pedestrian.

As part of the presentation, you'll also learn about the laws governing highway-rail grade crossings and what trains can and cannot do.

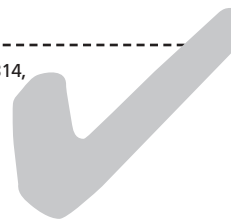

Take advantage of this informative program to help people in your community. Send in your Speaker Request today or visit **www.oli.org** to request a rail safety presentation.

Clip and mail to Operation Lifesaver, 1420 King Street, Suite 401, Alexandria, VA 22314, or e-mail your state coordinator at www.oli.org to request a PRESENTATION.
